

Alba composition

Harmony line

HarmonyLine is a modern customisable design. It consists of 11 comprehensive sets in 5 colour options made of PVC, wood or aluminium. Ready-made compositions include the Alba set, which combines modern, minimalist, smooth, navy-blue-coloured panels with golden applications.

Modern style

All elements of the Alba composition are made of aluminium, which guarantees a style based on the latest design solutions and high-quality joinery. The style perfectly fits in with current architectural trends.

Exceptional customisation

HarmonyLine allows for modification of joinery colour and design, thanks to which each composition emphasises the individual character of the building.

Excellent thermal insulation

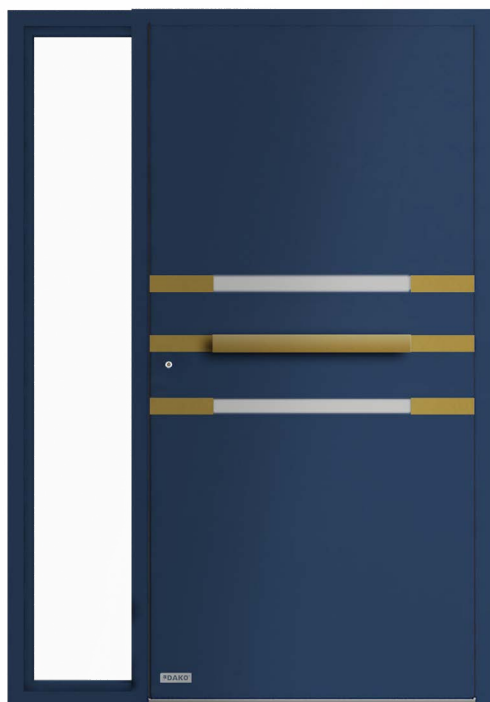

The products included in the HarmonyLine composition are characterised by high thermal insulation parameters. A comprehensive selection of windows, doors, gates and external roller shutters for warm and cosy interiors.
