

# HarmonyLine composition

## – NILA MODEL

Our proprietary **HarmonyLine** range is a unique concept for creating combinations of joinery products. It enables your customers to achieve the perfect colour, design and aesthetic cohesion across windows, exterior doors, garage doors and roller shutters.

### A wealth of possibilities, **a joint order**

The HarmonyLine includes 11 designs and a choice of 5 colours, offering virtually unlimited customisation options. Our solution's strength lies in the full technological compatibility of the products and the joint guarantee from a single manufacturer.

### Class and elegance **at its fashionable best**

The toned-down combination of basic colours with classic finish of wood-like veneer is a simple way of making your home exceptionally stylish. Wood-like veneers are available in an incredibly wide range of colours – the latest being oak variants, among others:

Monument oak

Bleached oak

Desert oak

Natural oak

Golden oak

Swamp oak
